

清旬

The Ringing Ten

2008.10.10

寶安商會王少清中學定期通訊/通告，逢每月十、二十及三十日派發。

校長話：考警察

本校畢業生中，投身紀律部隊的人數不斷上升，有男有女，有軍裝警長、水警警員，有當上了海關督察、警務督察的，還有保護要人的幹探和廉署調查員；似乎可以成立一個紀律部隊校友會分會了。

每有畢業同學申請紀律部隊職位，有關部門都來信要求校長就投考者在校時期的品格行為具列書面證明。我校每年均回應當局的請求多次，每次都如實報告投考者在校時期的表現。

至於我們的這些報告對投考結果起過些甚麼作用，也就不得而知了。

《清旬》為何發虛假消息

???????

2008.9.10 第156期《清旬》第一版發了這段消息：

「據《明報》總編輯張健波在其2008.9.8「編輯室手記」中透露，目前香港市民面對許多社會、經濟困境：「我們熱愛香港，面對這樣的困局，怎麼辦？編輯部同事討論後，決定以理性求真的態度，挑選一些具時效性的問題，組織一個『困局怎麼辦』系列。」

其中一個《明報》認為要討論的困局，是中學教學語言的出路。為此，該報早已鎖定本校為探討對象；最近三個月，曾三次派員到本校，就英語教學問題，採訪師生及拍照。至於其對本校方向的剖析，是褒是貶，目前則未得而知。《明報》已通知我校，有關王少清中學的「困局怎麼辦」系列「英文教學專輯」報導，將於在9月16日（星期二）見報。本校同人且拭目以待。」

很可惜，9月16日（星期二）的《明報》沒有刊登有關專題報導，造成的後果是《清旬》發了一則沒有兌現的消息，在此謹向各位致歉。日前再收到《明報》編輯來電通知，說「有關貴校的專題報導改於十月十四日（星期二）在正刊見報；上次未能按原定日期刊登，很對不起。」本校同人又將拭目以待。

Four Days in Korea as a "Microsoft Future Leader"

「少年 Bill Gates」韓國見聞 By Lai Chung Yin (黎忠賢) 3D

本校 F.3D 黎忠賢同學獲選為「少年 Bill Gates」未來資訊科技領袖，獲 Microsoft 全費贊助於本年暑假期間到韓國首爾進行資訊科技交流。下面是他的遊學日記：

July 29th Around 5pm, we arrived at Seoul and took a private bus to Hamilton Hotel. Our group had 8 youngsters - 3 Koreans, 4 from Hong Kong (including me) and 1 from Taiwan. We were a bit shy at first. We sat down and only talked to our own friends. But after a few minutes, my roommate and I tried to communicate with the others. They joined us immediately and we had great fun thereafter. After the buffet dinner, there was an ice-breaking game. We were ordered to learn other's language in 3 minutes. It was quite difficult for the Koreans because they had to learn both Mandarin and Cantonese. I learnt some useful Korean such as com-sa-mi-da (thank you) and a-lum-dom-dom (you are pretty).

July 30th The second day we visited Jungsan High School. It is a huge school, much bigger than ours. They have a football field, basketball court, indoor gymnasium and 3 halls. Korean schools are mostly installed with interact computers in every classrooms. The first thing we did was to go to a classroom to have a talk. The talk was an introduction to the education system in Korea. Their education system is very similar to ours but they divide the secondary school into middle school and high school. Koreans do not need to pay tuition fees. The books are also free. My Korean friend, Jin told me that their school (Jungsan) is the best school in Korea.

In the afternoon, we went to Hanyang University to have traditional Korean lunch. Hanyang University is one of the best technology Universities in Korea. We visited the chemistry Lab and physics Lab. Later, we listened to a talk about Korea's technological development. Our dinner was held in a Chinese Restaurant. After dinner, each participating territory had to perform a show. All of us had great fun there.

July 31st The third day we visited 2 companies, Microsoft and LG. LG is the coagent of Microsoft. LG mobiles are all using Microsoft operating system (MS mobile 6.0). The Microsoft office in Korea is bigger than the Hong Kong office. We visited the Xbox office, server room for Vista, relaxing room, etc. The most exciting thing was the IE-8 presentation and all of us could have a look. After the visit, we had lunch in a Korean restaurant. Our meal was a ginseng chicken soup, but I hate chicken very much.

LG Company is a famous electronic technology company in Korea. Their office is divided into two impressive wings (East and West). It is a huge building standing on an island in Seoul City. The architecture is remarkable. Inside the building, even the restrooms are also full of technology. All toilet bowls are electronic. You only need to push a button to control it. I have never seen it in Hong Kong. We had a talk as usual. The talk introduced the future events that LG might produce for us.

In the evening, all groups had to present their technology products devised by themselves. Our product is a Braincom, which is installed inside the brain and we can work with it like a computer. We went back to the hotel at 10:00pm to have a party. We shared our feelings and discussed about everything that came to our minds.

August 1st The last day we visited the Gyeongbokgung Palace, it is a great palace for Korea Kings long time ago. I bought some souvenirs there. I am very glad to have a chance to go on this trip. I met lots of friends (especially Koreans Jin, Ann, Na, and Hani.) Although all of us are from different backgrounds, we can still communicate with each other. This is the most memorable trip for me.
