

12<sup>th</sup> April, 2020.

Dear Parents/Guardians,

### **Junior Form Real-time Teaching Timetable and Measures of Student Support**

In view of the latest development of COVID-19, the Education Bureau (EDB) announced that classes of all schools will continue to be suspended beyond April 20 until further notice. In response to the situation, the school will have the following arrangements:

#### **Real-time Learning**

To develop students a more systemic learning routine, starting from April 20, F1 to F3 students are required to attend real-time lessons every afternoon, from 1.20 pm to 4.30pm, Monday to Friday. May parents remind your children to refer to the *Real-time Learning Timetable* below, and to make time out of their schedule to attend the lessons as listed. Kindly note that additional information for each subject will be issued through the E-class later.

#### **Student Support**

In addition to the teaching arrangements, the following measures will be introduced to support our students:

1. Students who require special learning and emotional support will be contacted by their class teachers, school counsellor and social worker to ensure their needs are understood and well addressed.
2. For students who require financial aid, the school will supply them with I-pads to facilitate online learning. Please contact our office staff if you are in need of the service. We have also participated in a number of programmes organised by various NGOs to provide free sim cards and laptops to students on a need basis. Related information can be found on the school website or mobile communication groups.

The epidemic in the past two months has inflicted different challenges for our students, parents and the school. In times as such, our teachers and members of staff will remain steadfast in our roles to maintain high quality of teaching and learning efficacy of our students. In keeping close contact with the parents and students, we hope to share the burden together in times of adversity.

Wishing you all the best and good health. Happy Easter!

POCA Wong Siu Ching Secondary School
