Subject: Your trip to Hong Kong

Hi Kelvin!

I hope everything's OK also.

I am glad that you are really coming to Hong Kong. Although you just come for a few working, don't worry about your trip, I will show you around Hong Kong. Also I have just asked my mother, she said I can go to the airport and welcome you. Perhaps, I've got some plans.

For shopping place, how about staying at Tsim Sha Tsui first. There are many shopping centres like 'The One' and 'K11'. There are many shops selling different kinds of things like shoes and fashion clothes. Or if you feel bored of staying at Tsim Sha Tsui whole day. You can also think about going to Causeway Bay to enjoy a wonderful shopping experience in the fashionable shopping centres like Times Square.

For some scenic spots, you said you wanted to go to Ocean Park and Big Buddha. Then let's go. Ocean Parks is one of the theme Parks in Hong Kong. It's using ocean to be the theme and the animals are really cute. But don't forget to see the dolphin shows. The dolphins are quite clever of being stars. Big Buddha is the most popular temple in Hong Kong. It's in one of the islands in HK, Lantau Island. There is a long route of stairs to walk. Maybe we can have a competition!

For some restaurants, how about trying Chinese restaurant. I know a Chinese restaurant which is quite good and the price is quite cheap also. The most famous is their service. Their staff are very kind to people.

For the local food, I suggest to go Mongkok. There are many local food of Hong Kong such as fishballs, egg tarts and milk tea etc. They are both greatly tasty ad famous in Hong Kong. And you will find that you can't stop eating there after you taste them.

I hope my suggestions are useful and hope to see you soon in Hong Kong. Bye bye!

Friend,

Sally
