Message from the Principal

It is with immense pride and great pleasure that I welcome you all to our school's drama production. We are thrilled to present a truly special performance, "*Emberith*," a captivating tale born from the boundless imagination and collaborative spirit of our talented students.

Our drama production stands as a testament to the creativity and dedication that flourish within our school walls. This year is no exception. "*Emberith*" invites us on a fantastical journey that bridges two worlds: a magical realm inhabited by creatures of myth and legend, and our own familiar human world. The story begins when a group of magical beings, inspired by a book written about them, decides to embark on an adventure into the human world. What they discover, however, is that being the subject of a story is vastly different from being understood.

Their arrival sparks a clash of cultures, driven by fear, misunderstanding, and misguided intentions. They encounter an eccentric scientist who sees them as research specimens and a well-meaning security force that perceives them as a threat. At its heart, the play is a rescue mission, a story of friends banding together to save one of their own. Yet, as the narrative unfolds, it blossoms into something much more profound. "*Emberith*" masterfully explores themes that resonate deeply with the values we cherish as a school community. It challenges us to look beyond our initial perceptions, to question our prejudices, and to find the courage to extend empathy even to those we do not understand.

I must extend my heartfelt commendation to the students who have poured their hearts and souls into this production. From the actors who breathe life into these vibrant characters, to the creative team who envisioned this world, and the diligent backstage crew managing the intricate sound effects, lighting, and props, every student has played an indispensable role. This production is a shining example of teamwork, discipline, and the magic that happens when we work together towards a shared goal.

So, I invite you to sit back, relax, and allow yourselves to be transported to the enchanting world of "*Emberith*." Prepare to be delighted, moved, and inspired. Thank you for joining us and for your continued support of the arts at our school.

Enjoy the show!

Synopsis

Welcome to Emberith, a magical realm where creatures of myth and legend live in harmony. Their peaceful existence is turned upside down when Ivy, a cheerful tooth fairy, returns from the human world with exciting news: a viral story has made them famous! Intrigued by the idea of being celebrated and yearning for adventure, the magical creatures decide to visit the human world, overriding the cautious warnings of their nerdy wizard friend, Desmond, and their protective leader, Ash.

Their journey through a magical portal lands them in the middle of a bustling Hong Kong restaurant, where their fantastical appearance causes immediate chaos. Their arrival attracts two very different kinds of unwanted attention: the obsessive Dr. Looney, a scientist who sees them as the ultimate research specimens, and the formidable FBI Boss Voss, who views them as dangerous monsters that must be neutralized. In a selfless act to save his friends, Desmond uses the last of his energy to teleport them to safety, only to be captured himself.

Lost, desperate, and with their only portal-maker now a prisoner, the creatures find an unlikely ally in Caleb, a human boy who happens to be the brother of Chelsey, the very author who wrote their story. With Chelsey's help and a surprising reveal from Dr. Looney's own assistant, the group devises a daring rescue plan. They must combine their unique powers—from invisibility and pickpocketing to manipulation and rebirth—to infiltrate the scientist's lab.

"Emberith" is a thrilling and heartwarming adventure about friendship and courage. It explores how misunderstandings can breed conflict and how true strength is found not in our similarities, but in our ability to unite our differences, forgive, and find common ground.

Ivy: Hey guys! I'm really really sorry for being late!~

Nova: Ok ok, We know you are sorry already- Now,
SPILL THE TEA!

Ivy: Ok, I just came back from the human world after
collecting a little boy's tooth. And guess what?
The new chapter is out!

Everyone
(except Moss): Really????!!!!!!

Moss: Huh?! What are you guys talking about?
What chapter?

Ivy: (Looks at Moss), Ok, so basically, there is a viral
story that recently launched its new chapter and
the plot is about us. (Moss nods his head)

Moss: Then, if humans like us that much, why don't we check it out?

Luna: It could be our ~summer vacation~!

Desmond: BUT, according to my calculations, there is a 99% chance that we would all DIE!!!

Nova: WELL (same tone with Desmond), then according to MY calculations, there's also a 1% chance that we would SURVIVE and have tons of fun!

Moss: But it's not like we could just make a portal and go to the human world-

Desmond: Well, it's fairly simple. I could do it with my eyes closed. (Everyone looks at Desmond with greedy eyes.) But it's way too risky! What if we get caught?!-
